### Semester 1 Final Reflection

**Directions:** First, answer the following questions about your performance in chemistry during first semester. Next, have your parents read your responses and fill out the bottom portion of this document.

To be filled out by the student:

1. How do you feel about your semester 1 grade? Explain.
2. What are you going to do differently this semester to improve your grade?
3. What are you going to do the same this semester?
4. List two goals for a successful second semester (be specific). These goals can be related to chemistry, another class, or your performance in school in general.

To be filled out by parent/guardian:

1. Please sign below that you have read your child's responses above.  
X: \_\_\_\_\_ Date: \_\_\_\_\_
2. Are you receiving Mrs. Snyder's mass emails? Yes No  
If you circled "No" please provide a current email address below:
3. Please write any additional comments below:
4. If you wrote any comments above, please indicate how you would like Mrs. Snyder to contact you. (Please only check one box)
